Call for applications - Artistic Director

The Basel based Ensemble Lemniscate is looking for a new artistic director for Season 2024/25 onwards. Lemniscate has been contesting concerts and experimental formats within contemporary music for 10 years.

Aiming to represent the current impulses, discourses and trends within contemporary music in Northern Switzerland, the ensemble focuses on a broader concept of chamber music / music theatre / performance. Over the years the Ensemble has gained a wealth of experience in cross-border projects. Elements of electronic music, performance art, video art or music theater are part of their repertoire, in which they collaborate mainly with composers from their generation.

Starting with the season 24/25 the ensemble is looking for a new artistic director who will develop and realize new projects together with the musicians.

Are you interested?

Then send us an application by 15.10 with:

-short letter of motivation

-project proposal for a concert evening or a comparable format in the field of contemporary music (the motivation letter and the project proposal should not exceed one DinA4 page)

-Bio and CV

If you have any questions, don't hesitate to contact us via email.
